

Application Process

Tech & Trades will be open to all Fort McMurray students in grades 4-9.

There will be 30 spots open to Christina Gordon students and another 30 spots available to all other schools in the city (FMPSD and FMCS).

Previous experience in each of the streams and recommendations from staff will be part of the selection process.

A registration form can be picked up from our office, website or will be sent home with interested students.

Deadline for applications will be will be October 7th.

Tech & Trade Academy

Christina Gordon
Public School

Learning and Leading
in the 21st Century

The Academy

The Academy is a 1.5 hour after school program which will have 2 streams (Multi - Media and Pre -Engineering), each studying 3 different courses . It is a 4 year program which students progress through each year.

Students who apply should be keen, and dedicated to attending all sessions. They will interact in all 3 courses from the stream they choose throughout the school year. There will be a waitlist, should a spot open up.

This year the Tech & Trade Academy will take place Mondays from 3:00-4:30

Aerial Drone
Unmanned Vehicle
Remote sensor

Kiosk Based Learning

Kiosks allow multiple students to have access to multiple learning centers based upon guided facilitation.

Kiosks empower students to make learning come alive through extensive exploration Kiosks can easily integrate into existing curriculum topics and reduce school resource expenditures.

Kiosks are stakeholder driven to match learning skills with real world labour demands.
